EXPERIENCE

Temple University Howard Gittis Student Center, Philadelphia, PA

Information Desk Manager/Attendant

August 2024 – Present

- Lead and supervise a team of 8-10 student workers, fostering professional growth and growing leadership skills through training, mentoring and performance feedback
- Oversee daily operations of the Student Center's Information Desk, managing a high-traffic atrium that serves approximately 3,800 patrons each day.
- Develop and implement new programs, procedures, and projects to enhance service quality, streamline workflows, and improve the visitor experience.
- Coordinate logistics for campus services, including the check-in of up to 17 vendors for the Vendor Table Program and poster submissions for the Student Center display wall.
- Troubleshoot and resolve technology and vendor-related issues, acting as the primary point of contact for escalations.
- Collaborate with diverse teams across service areas to maintain a welcoming, inclusive, and professional environment for all students, staff, and visitors.

Building Manager

January 2024 – Present

- Prepare over 4,000 events per year by setting up furniture and technology across 164,000 meetings and event spaces
- Enforce building wide policies for 2000+ daily patrons
- Serve as the primary point of support for technology, customer service and procedural issues across all services
- Aid all students and visitors by providing directions and knowledge about not only the building but Temple University's 406-acre main campus.

Temple University – Pre-College Mentor

- Mentored and supported 150+ high school students, providing academic coaching, college-readiness guidance, and individualized support.
- Led daily workshops and presentations, facilitating discussions and activities to strengthen student engagement and college preparation.
- Coordinated program logistics, attendance, student evaluations, field trips, and campus activities while collaborating with instructors and staff.

PROJECTS

Premier League Statistics & Prediction Dashboard | HTML, CSS, JavaScript, Node.js, Express, Express, Charts.js

[GitHub](#)

- Built and deployed a **full-stack premier league dashboard** that retrieves and displays live standings, team statistics, and performance data using the [football-data.org](https://api.football-data.org) API
- Developed interactive data visualizations with Chart.js and a **10,000-run Monte Carlo simulation** to estimate projected standings and title-winning probabilities.
- Built a Node.js/Express backend for API integration and secure environment-variable management; used GitHub for version control and Render for cloud deployment.

EXTRACURRICULAR EXPERIENCE

Secretary, Bangladeshi Students Association

January 2025 – Present

- Organize and manage events for 100+ to foster community and cultural connection
- Assist incoming Bangladeshi international students with resources, guidance, and integration into campus life

Marketing and Events Planning Chair, Temple Model United Nations Club

January 2025- May 2025

- Managed club social media to promote events and boost member engagement
- Planned and executed events to foster community and involvement within the organization

VOLUNTEER EXPERIENCE

Iccheghuri, Dhaka, Bangladesh

- Volunteered with Iccheghuri, a student-run non-profit in Dhaka dedicated to addressing pressing social issues and creating positive community impact.
- Supported fundraising and donation initiatives, including collecting funds to purchase menstrual hygiene products and distributing them in underprivileged slum communities.
