EXPERIENCE

Temple University Howard Gittis Student Center, Philadelphia, PA

Information Desk Manager/Attendant

August 2024– Present

- Lead and supervise 8–10 student workers, providing training, mentoring, and performance feedback while overseeing daily operations serving 3,800+ patrons.
- Manage administrative and workforce operations using workforce scheduling software, coordinating employee schedules, timesheets, training, and staffing requirements.
- Develop and implement programs, procedures, and process improvements, collaborating across teams to streamline workflows, resolve operational issues, and improve service quality.

Building Manager

January 2024 - Present

- Coordinate logistics and technology setups for 4,000+ annual events across Temple University's 164,000 sq. ft. Student Center.
- Enforce building-wide policies and support daily operations for 2,000+ patrons, ensuring efficient, safe, and consistent service.
- Serve as a primary point of contact for technology, customer service, and operational issues, troubleshooting problems and coordinating solutions across service areas.

Temple University – Pre-College Mentor

- Mentored and supported 150+ high school students, providing academic coaching, college-readiness guidance, and individualized support.
- Led daily workshops and presentations, facilitating discussions and activities to strengthen student engagement and college preparation.
- Coordinated program logistics, attendance, student evaluations, field trips, and campus activities while collaborating with instructors and staff.

PROJECTS

Premier League Statistics & Prediction Dashboard | [HTML](#), [CSS](#), [JavaScript](#), [Node.js](#), [Express](#), [Charts.js](#)

[GitHub](#)

- Built and deployed a **full-stack premier league dashboard** that retrieves and displays live standings, team statistics, and performance data using the [football-data.org](#) API
- Developed interactive data visualizations with [Chart.js](#) and a **10,000-run Monte Carlo simulation** to estimate projected standings and title-winning probabilities.
- Built a [Node.js/Express](#) backend for API integration and secure environment-variable management; used [GitHub](#) for version control and [Render](#) for cloud deployment.

Spirit Airlines Operations Intelligence Dashboard | [HTML](#), [CSS](#), [JavaScript](#)

[GitHub](#)

- Developed and deployed an **interactive operations dashboard** analyzing **17,500+ Spirit Airlines flights** using real U.S. DOT/BTS data to identify performance trends and operational risks.
- Built a custom **route risk-scoring model** and dynamic filtering system to evaluate delays, cancellations, airport performance, and high-risk routes.
- Transformed **539,000+ flight records** into actionable KPIs and consulting-style recommendations, highlighting operational issues and opportunities for improvement.

EXTRACURRICULAR EXPERIENCE

Secretary, Bangladeshi Students Association

January 2025 – Present

- Organize and manage events for 100+ to foster community and cultural connection
- Assist incoming Bangladeshi international students with resources, guidance, and integration into campus life

Marketing and Events Planning Chair, Temple Model United Nations Club

January 2025- May 2025

- Managed club social media to promote events and boost member engagement
- Planned and executed events to foster community and involvement within the organization

VOLUNTEER EXPERIENCE

Iccheghuri, Dhaka, Bangladesh

- Volunteered with Iccheghuri, a student-run non-profit in Dhaka dedicated to addressing pressing social issues and creating positive community impact.
- Supported fundraising and donation initiatives, including collecting funds to purchase menstrual hygiene products and distributing them in underprivileged slum communities.
